REPORT OF ACTIVITY / PROGRAMME

**Topic: Meritorious Student Felicitation and Competitive Examination
Guidance programme**

Date: 15th September, 2022

Time: 10:30 am.

Venue: VLC Hall, A.S.C. College, Kolhar

Organized by:

The Department of Competitive Examination, Student Development Department and Political Science of the Loknete Dr. Balasaheb Vikhe Patil (Padmabhushan Awardee) Pravara Rural Education Societies Arts, Science and Commerce College, Kolhar

Theme of the Programme:-

Meritorious Student Felicitations and Competitive Examination Guidance programme

Objectives of the Programme:

1. To introduce the students and stakeholders about various competitive examinations.
2. To create awareness among the students for participating in various competitive examinations.
3. To encourage and motivate students for participating in various competitive examinations.

Introduction of Programme:

The Meritorious Student Felicitations and Competitive Examination Guidance programme organized by Competitive Examination Guidance Center and Student Development Department and Political Science at Arts, Science and Commerce College, Kolhar on Wednesday 15/09/2021 at 10.30 am. in college V. L. C. hall. Former student of the college Hon. Mr. Ravindra Kadam, Maharashtra State Traffic Security Force Officer, Ahmednagar was present as the Chief Guest. At this time, Hon. Mr. Ravindra Kadam was felicitated by the I/C Principal Mrs. J. R. Singer. The chief guest Hon. Mr. Meritorious students 12th students securing First, Second and Third ranks in their respective junior colleges and parents who were felicitated by Ravindra Kadam and dignitaries.

Details of the Programme:

In this program, Hon. Mr. While guiding the meritorious students and parents who have passed 12th standard, Ravindra Kadam said that it is wrong to say that the students will not be able to study for the competitive examination due to financial constraints. This is because Pravara Rural Education Society has started a competitive examination guidance center under which it will be possible for the students of the area to prepare for the competitive examination easily. He appealed to the students to take advantage of this opportunity. At this time, the president of the program, I/C Principal Mrs. J. R. Singer guiding the students and informed about the educational and physical facilities of the college.

The introductory speech of this program was given by the principal of the college, Dr. S. N. Shingote. The program was attended by 30 students who got first / second / third rank in various junior colleges in the area and their parents as well as professors and non-professors of the college. For the organization of this program, all the members of the competitive examination committee of the college, the principal, vice-principal of the college, Mr. S. A. Gonde (Student Development Officer) provided invaluable assistance. Thanks to the attendees

for the event. Mr. P. S. Auti (Coordinator, Competition Examination Guidance Center). The program was moderated by Dr. P. V. Kanwade did. The event was well received by the students.

Metrics:

Number of students: 126 (Girls- 66 , Boys-60)

Number of stakeholders: 15 (Teaching Staff- 09, Non-Teaching Staff- 06)

ACKNOWLEDGEMENT

We would first like to express our gratitude to Mr. Nikhil Chaudhary of Shodh Advnatech LLP in Aurangabad for giving me the opportunity to plan 15 days online training program “Guidance on Analytical methods and Equipment use in Pharma industry” for PG students from our college from Tuesday 01/03/2022 to Tuesday 15/03/2022 on line mode. We are also grateful to the other Shodh Advnatech LLP, Aurangabad specialists who contributed to making the training programme easier to comprehend and think through. The participants also learned how to be independent in a setting with a different way of life, culture, and language in addition to the training programme.

Company background organization structure:

SHODH is a knowledge based organization driven by its core values. We offer need based services to the industry with a blend of customization to cater perfectly to the requirements. We bank on the extensive industry know-how, experience and expertise available with our team. We strongly believe People are at the core of every business idea, product or service. And so our services, aimed at improving People experience every day, since 2010.

Our Mission:

To offer need based innovative solutions to the industry and evolve as the most trusted partner for such services.

Objectives:

- “To be pioneers in Skill Based, Applied & Practical Learning methodology.”
- “To be preferred partners of Academia for their Training and Placement activities.”
- “Enhance employability through various initiatives for every aspiring individual.”
- “Offer Industry Ready work force through hiring and staffing activities.”
- “Offer effective, cost efficient and safe working solutions for sustainable manufacturing operations through Environment, Health and Safety (EHS) consulting services to the industry.”

Report

15 days training program on "Guidance on Analytical methods and Equipment use in Pharma industry" for PG students from our college from Tuesday 01/03/2022 to Tuesday 15/03/2022 on line mode was organized by department of Chemistry in collaboration with Shodh Advnatech LLP in Aurangabad for giving me the opportunity to plan Chemical production to the processing of raw materials into a specific specifications of the finished product, frequently require after pre-processing of raw materials processing, chemical reaction and separation of the reaction products, and refining a series of chemical processes to achieve the process of mechanical, are frequently classified as chemical, or "chemical machinery and equipment."

Principal category:

When we talk about chemical equipment, we're talking about the main parts that move mechanically, like different kinds of filters, crushing equipment, centrifugal separators, rotary kilns, mixers, rotary dryers, and equipment for transporting fluid. chemical equipment refers to machinery, such as different vessels (tanks, tanks, vessels, etc.), standard kilns, towers, reactors, change heat exchangers, standard dryers, evaporators, reactors, electrolysis, mass transfer equipment, adsorption equipment, fluidization equipment, standard separation equipment, and ion exchange equipment, whose main components are either stationary or only minimally mobile. Chemical machinery is not exactly categorised; it encompasses a wide range of conventional machinery used in industrial production as well as some fluid conveying equipment (such as pumps, blowers, and compressors, etc.) used in the chemical industry. The development of contemporary chemical machinery, which also depends on advancements in mechanical engineering and materials engineering, is closely related to the development of chemical technology and chemical engineering. Chemical equipment primarily focuses on the range of electrochemical reactions as well as the machinery's resistance to corrosion, etc.

Chemical plants' production equipment must include chemical machinery, which differs from ordinary machinery in significant ways.

- (1) There are several varieties of energy forms, and the conversion procedure is more difficult. The most common types of energy are thermal energy, mechanical energy, chemical energy, electromagnetic energy, and others;
- (2) The refrigerant has a variety of properties, such as composition, composition, phase change, etc.;
- (3) There are a wide variety of operational characteristics, such as high and low pressure, low speed, high and low temperature, high and low viscosity, etc.;
- (4) The specifications for different chemical properties. As a result, the distinctive structure of the dynamic chemical machinery and equipment is created. Two sorts of chemical apparatus and equipment are frequently used. Heat exchangers, towers, reactors, and various different kinds of containers are examples of chemical equipment. The essential components are frequently consistent. or simply a short workout. such as centrifuges, filters, crushers, rotary kilns, and rotary dryers; machinery for the chemical industry. The primary component is regular motion, which also includes the special pump, compressor, transport, etc.

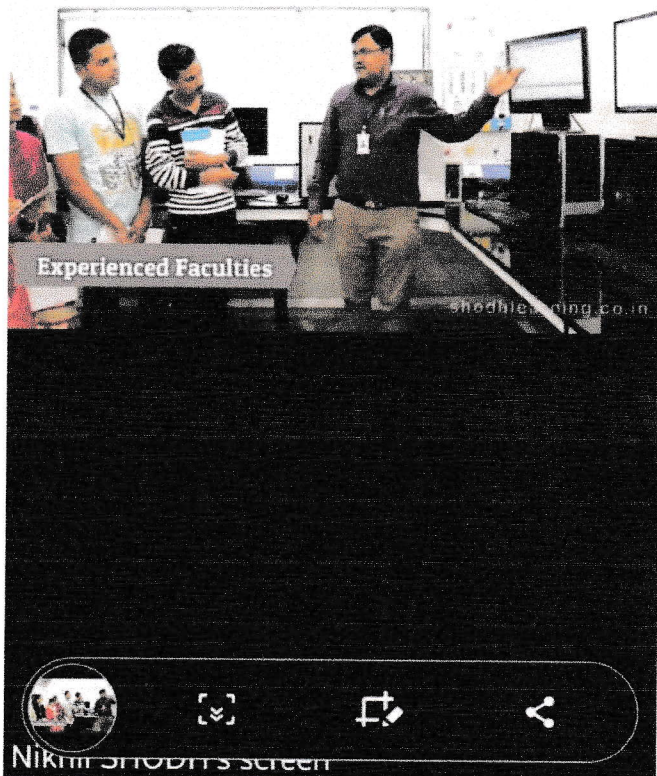

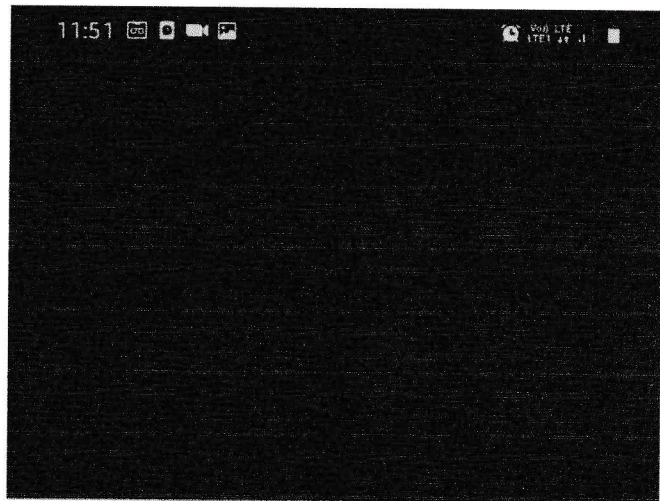

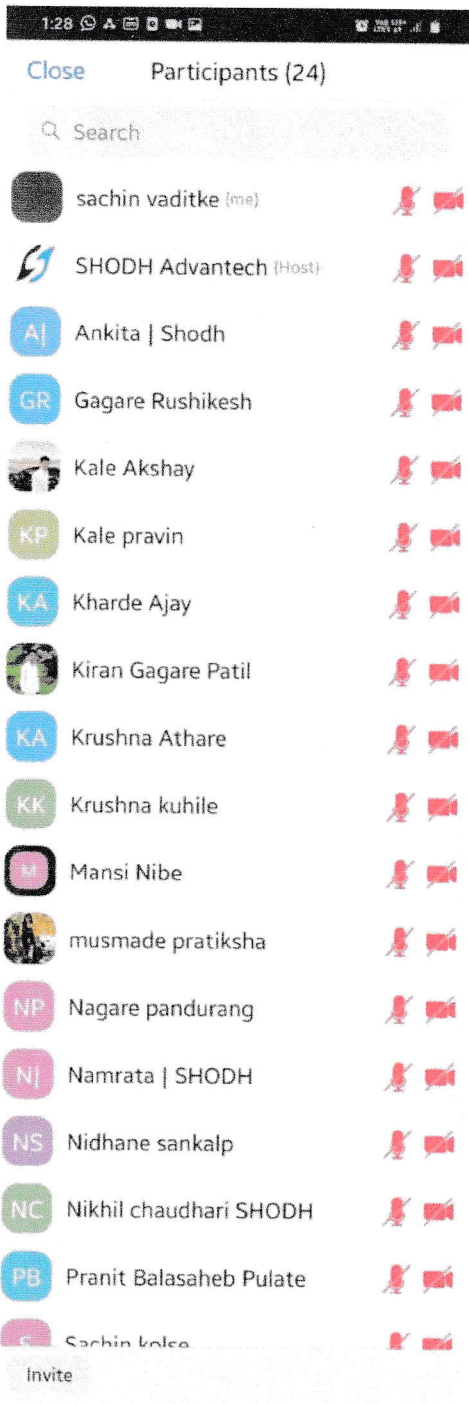

In the 15 days training programme following points were discussed-

- ✓ Introduction to Analytical instruments
- ✓ Safety Instructions for Persons Working in Chemical Laboratory
- ✓ Handling of Reagents and Devices
- ✓ Work with Dangerous Substances
- ✓ Performing of Chemical Experiments
- ✓ Actions in Emergency Cases
- ✓ Laboratory Technique, Materials and Fundamental Operation
- ✓ Cleaning of Laboratory Glassware
- ✓ Warming, Drying, Heating
- ✓ Filtration
- ✓ Measurement
- ✓ Description of the Experiment

- ✓ Scaling With Analytical Balance
- ✓ Titrimetric (Volumetric) Analysis
- ✓ Volumetric Analysis Solutions
- ✓ Method of Complexometry
- ✓ Determination of Water Hardness
- ✓ Determination of Water Temporary Hardness
- ✓ Determination of Water Total Hardness
- ✓ Methods of Redox Titration
- ✓ Qualitative Analysis
- ✓ Cation Determination
- ✓ Anion Determination
- ✓ Potentiometry
- ✓ Preparation of Buffer Solution
- ✓ Chromatography
- ✓ Spectroscopy

Topic II: Oxidative Rearrangement of α,β -Unsaturated Ketones for the Synthesis of 1,2-Diketones

Bansode, A. H.; Suryavanshi, G. *ACS Omega* 2019, 46, 9636-9644

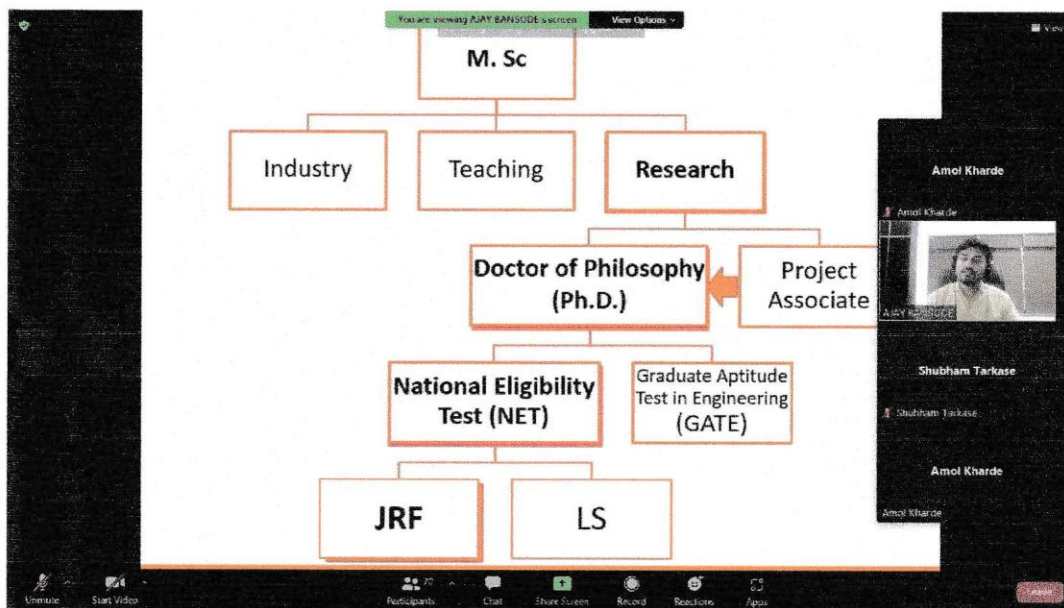

Optimization Table for 1,2-Diketones

Sr. No.	Iodine Source (equiv)	Oxidant (equiv)	Additive (equiv)	Solvent	Temp (°C)	Time (h)	Yield (%)
1	I ₂ (2)	TBHP (3)	Nal (1)	DMSO	120	12	20
2	I ₂ (2)	TBHP (3)	LiI (1)	DMSO	120	12	NR
3	I ₂ (2)	H ₂ O ₂ (2)	Nal (1)	DMSO	120	12	NR
4	I ₂ (2)	H ₂ O ₂ (2)	LiI (1)	DMSO	120	12	NR
5	PhI(OAc) ₂ (1)	TEMPO (0.1)	-	DCM	25	12	NR
6	I ₂ (2)	TBHP (4)	-	DMSO	150	12	30
7	I ₂ (2)	TBHP (4)	-	MeOH	80	12	NR
8	I ₂ (2)	TBHP (4)	-	DMSO	150	24	47
9	I ₂ (2)	TBHP (4)	-	DMSO	130	24	50
10	I ₂ (1)	TBHP (4)	-	DMSO	130	24	20
11	I ₂ (2)	TBHP (4)	H ₂ O (2)	DMSO	130	24	NR
12	I ₂ (2)	TBHP (4)	H ₂ SO ₄ (2)	DMSO	130	24	NR
13	-	TBHP (4)	Nal (1)	DMSO	130	24	NR
14	I ₂ (2)	TBHP (4)	-	DMSO	120	24	42
15	I ₂ (2)	TBHP (2)	-	DMSO	120	24	63
16	I ₂ (2)	TBHP (2)	-	DMSO	120	36	84
17	I ₂ (2)	TBHP (2)	-	DMSO	120	48	86
18	I ₂ (2)	-	-	DMSO	120	36	NR
19	-	TBHP (2)	-	DMSO	120	36	NR

*Reaction Condition: **1a** (1equiv), I₂ (2 equiv), TBHP (2 equiv), DMSO (5 ml), 120 °C, 36 h.

Online Webinar on

"Career Opportunities in Chemistry after B. Sc. and M. Sc."

Dear Sir/ Madam/ Students,

Greetings from the *Loknete Dr. Balasaheb Vikhe Patil (Padma Bhushan Awardee)
Pravara Rural Education Society Arts Science and Commerce College, Kolhar *

Accredited with 'A' Grade by NAAC

It's an immense pleasure to inform you that,

* Department of Chemistry & Placement Cell, Arts Science and Commerce College,
Kolhar* is organizing Online Webinar on

"Career Opportunities in Chemistry after B. Sc. and M. Sc." On, Thursday, *9th of
September, 2021* at 10:00 am.

Resource Person

Dr. Ajay Bansode

Research Scholar

NCI, Pune,

*Registration link:- <https://forms.gle/sgcM6JGTscgG9qEn7>

Registration is free and open to all subjects.*

The authorized certificate will be provided after successful participation for the lecture
after filling the feedback form. The certificate will be provided by e-mail only.

Online Webinar will be held on the Zoom Cloud Meeting platform

Zoom cloud meeting id.

<https://us04web.zoom.us/j/71887897940?pwd=dUJMSINUeGlhTTcyRVU1L3JkVmhlLUT09>

President & Convenor

Dr. S. N. Shingote

I/C Principal,

Arts, Science and Commerce College, Kolhar.

Organizing Secretary

Mr. V. R. Kadu

Head Dept. of Chemistry,

ASC College, Kolhar

Coordinator

Mr. A. K. Kharde

Department of Chemistry,

ASC College, Kolhar

**ONE DAY INDUSTRIAL TRAINING
REPORT**

on

“Introduction of Industrial Equipment”

for M.Sc. students

Organized by,

Department of Chemistry,

Arts, Science and Commerce College, Kolhar

Tal: Rahata Dist: Ahmednagar

and

Shodh Advnatech LLP,

T-6/2,STPI,

Opp. Indo German Tool Room,

Chikalthana MIDC, Aurangabd

431007

ACKNOWLEDGEMENT

First of all, we would like to thank Mr. Nikhil Chaudhary, Shodh Advnatech LLP, Aurangabad for giving me the chance to organize a one day industrial training programme on “Introduction of Industrial Equipment” for PG students of our college on 1st Feb. 2022. We are also thankful to other experts of Shodh Advnatech LLP, Aurangabad for helping to make the training programme to be understood and think more clearly. In addition, to the training programme the participants were taught how to be independent in a place with a different way of life, culture, and language.

Head
Department of Chemistry
Arts, Science and Commerce College, Kolhar

Company background organization structure:

SHODH is a knowledge based organization driven by its core values. We offer need based services to the industry with a blend of customization to cater perfectly to the requirements. We bank on the extensive industry know-how, experience and expertise available with our team. We strongly believe People are at the core of every business idea, product or service. And so our services, aimed at improving People experience every day, since 2010.

Our Mission:

To offer need based innovative solutions to the industry and evolve as the most trusted partner for such services.

Objectives:

- “To be pioneers in Skill Based, Applied & Practical Learning methodology.”
- “To be preferred partners of Academia for their Training and Placement activities.”
- “Enhance employability through various initiatives for every aspiring individual.”
- “Offer Industry Ready work force through hiring and staffing activities.”
- “Offer effective, cost efficient and safe working solutions for sustainable manufacturing operations through Environment, Health and Safety (EHS) consulting services to the industry.”

Report

The broad term for the gear and equipment used in the manufacturing of chemicals is "chemical machinery and equipment." Chemical production to the processing of raw materials into a specific specifications of the finished product, frequently require after pre-processing of raw materials processing, chemical reaction and separation of the reaction products and refining a series of chemical process to achieve the process of mechanical, are frequently categorised as chemical machinery.

Principal category:

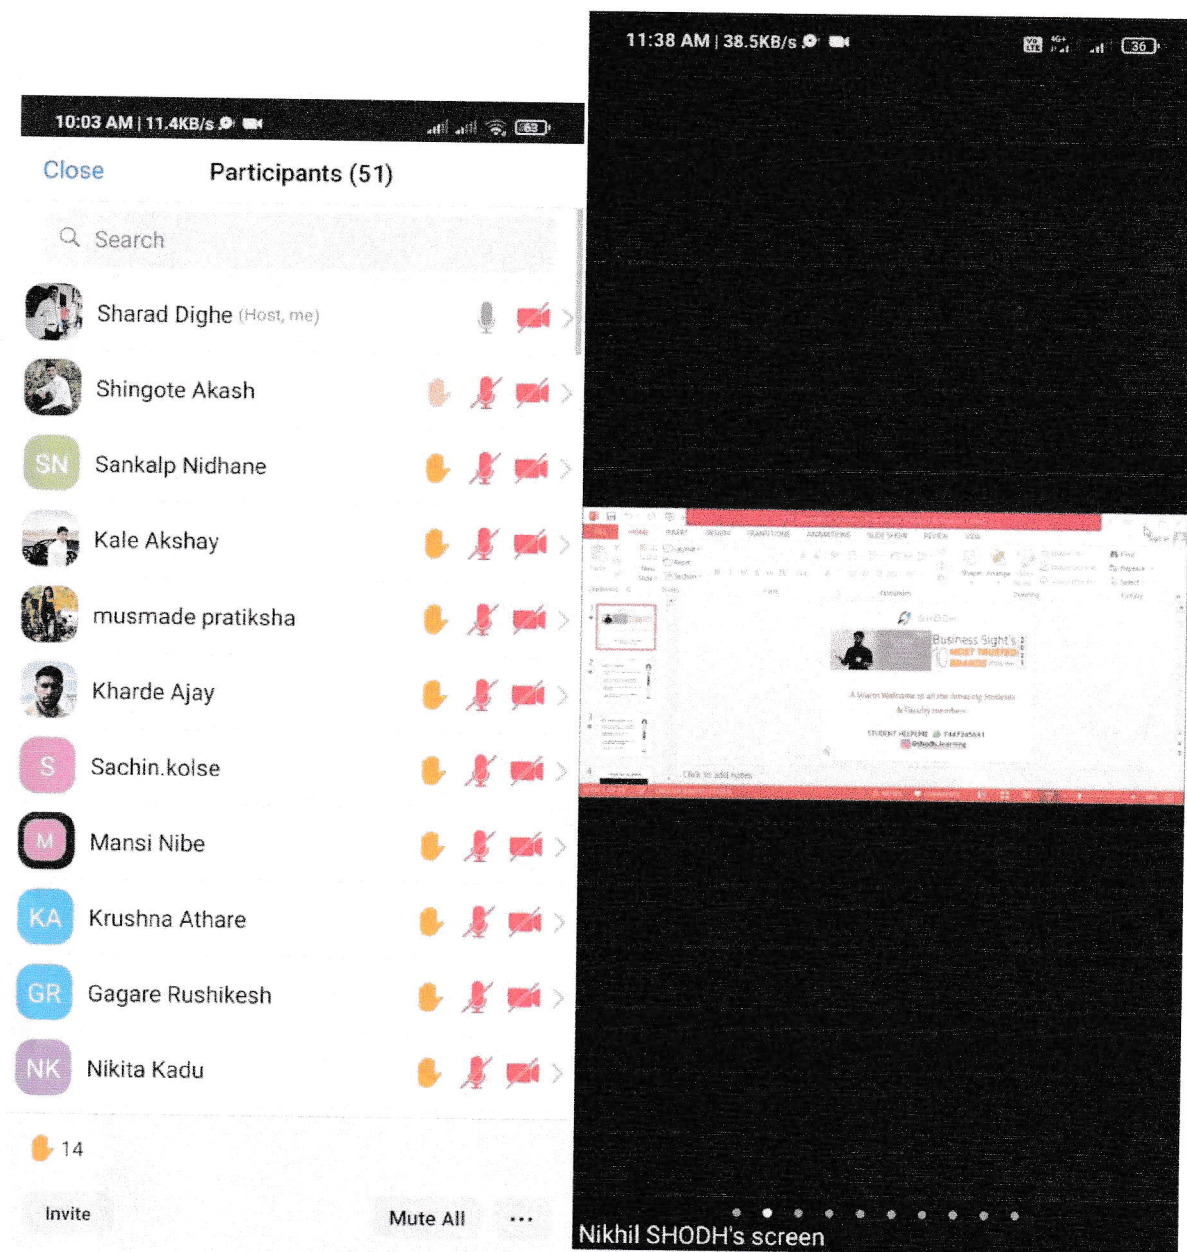

Chemical equipment refers to the major components that move mechanically, such as various types of filters, crushing equipment, centrifugal separators, rotary kilns, mixers, rotary dryers, and equipment for moving fluid. Chemical apparatus. refers to machinery whose primary parts are either stationary or only minimally mobile, such as different vessels (tanks, tanks, vessels, etc.), standard kilns, towers, reactors, change heat exchangers, standard dryers, evaporators, reactors, electrolysis, mass transfer equipment, adsorption equipment, fluidization equipment, standard separation equipment, and ion exchange equipment. Chemical machinery is not strictly categorised; some fluid conveying equipment (such as pumps, blowers, and compressors, etc.) used in the chemical industry is frequently referred to as chemical machinery, but it also includes a wide range of general machinery used in industrial production. The progress of chemical technology and chemical engineering is strongly tied to the design and manufacture of modern chemical machinery, which also depends on advances in mechanical engineering and materials engineering. Chemical machinery focuses mostly on the spectrum of electrochemical as well as the corrosion resistance of machinery, etc.

Chemical machinery, which differs from other machinery in important ways, is a necessary component of the production equipment used in chemical plants.

- (1) There are many different types of energy forms, and the transformation process is more complicated. Thermal energy, mechanical energy, chemical energy, electromagnetic energy, and other types of energy are the most prevalent types of energy;
- (2) The characteristics of the refrigerant vary, including composition, composition, phase changing, etc.;
- (3) the operational parameters, which can include high and low pressure, low speed, high and

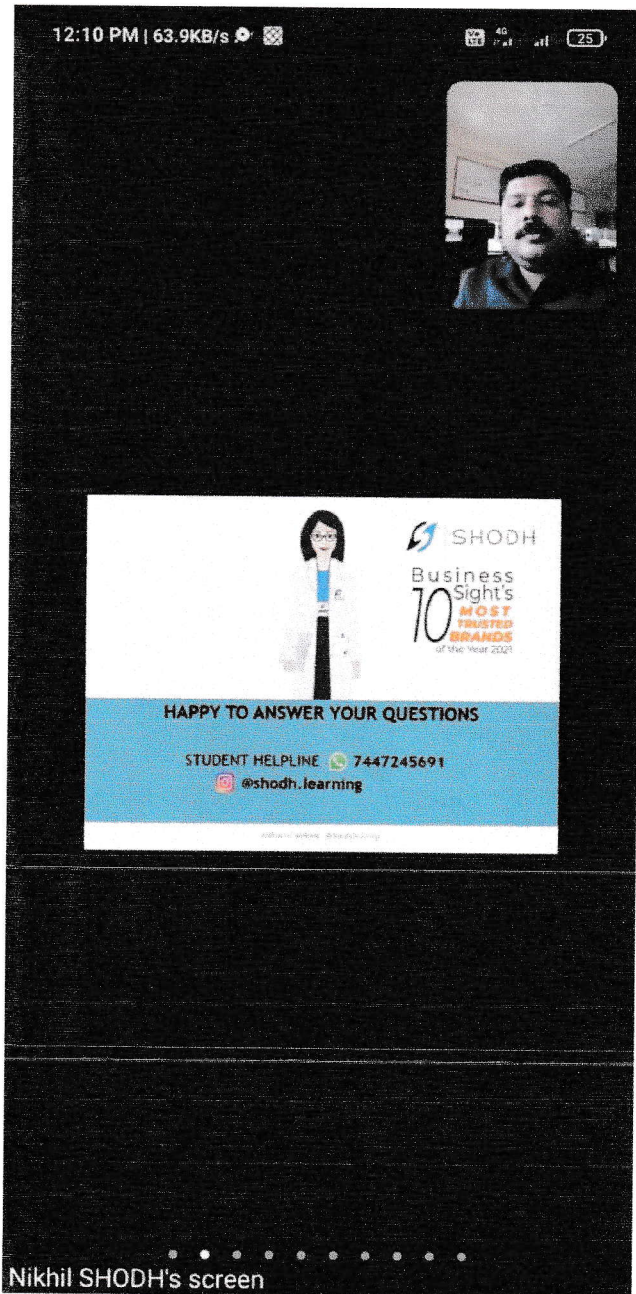

low temperature, high and low viscosity, etc., are quite diverse;

(4) The characteristics of various chemical properties' requirements. Thus, the unique structure of the ever-changing chemical machinery and equipment is formed. Chemical machinery and equipment are often classified into two categories. Chemical machinery, such as heat exchangers, towers, reactors, and other different types of containers. The primary parts are often constant. or just a quick workout. Machinery for the chemical industry, such as centrifuges, filters, crushers, rotary kilns, and rotary dryers. Regular motion is the main element, as is the unique pump, compressor, transport, etc.

Department of Chemistry

Students Guidance Programme- 18/04/2022

Report

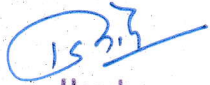

Department of Chemistry, Arts, Science and Commerce College, Kolhar has organized "Students Guidance Programme" M. Sc. students. Dr. Shrikant Chormunge, Head Quality Assurance, Arch Pharma Labs Ltd, Gujrat was the guest for the programme. 48 M.Sc. students and 8 staff members attended the programme. He explained about the QA and QC departments of company. Quality management includes two distinct tasks called quality assurance and quality control (QA/QC). QA is concentrated on the procedure used to assess quality requirements and offer assurance that they will be met, preventing defects. The review and coordination of production documents and manufacturing monitoring are two examples of QA activities. By locating and fixing errors, quality control (QC) is the procedure that makes sure that the quality criteria are in fact met. This covers both the initial and subsequent examination of semi-finished goods.

It is first vital to comprehend the broad role QA/QC generally performs for businesses regardless of industry in order to comprehend the extent of what QA/QC specifically accomplishes for the chemical and petrochemical sector. The general function of QA/QC is as follows, regardless of whether the firm in question manufactures, works with, or produces office products, electronics, or chemicals:

Quality assurance entails developing and improving procedures and systems that guarantee the highest level of quality. The goal of quality assurance is to provide a framework that consistently produces high-quality outputs in order to stop a problem or defect before it happens.

Quality Control - In contrast, quality control recognises that mistakes, faults, or flaws will inevitably occur, but that it is crucial to identify and fix these problems. Testing and evaluating final items to find and fix any sub-standard outcomes is thus a key component of quality control.

At the end of programme Mr. V. R. Kadu, Head, Department of Chemistry, presented the vote of thanks for the guest, principal, teachers and participated students for their presence to the programme.

REPORT OF PROGRAMME

The Departments of Commerce, Arts, Sciences and Commerce College, Kolhar organized a one-day Educational Tour to Savitribai Phule Pune University, Pune, Lotus Business School, Pune, D-Mart, Moshi and ISKON temple in Kondhava on 11th April 2022. Students were accompanied and guided by Dr. Pratibha Kanawade and other faculty members of the department of Commerce. The students visited the Main Building, Jaikar Library and various departments in the Savitribai Phule Pune University, Pune. They enjoyed the academic atmosphere and aura of SPPU, Pune to which Arts, Sciences and Commerce College, Kolhar is affiliated. Before that the students also paid a visit to Lotus Business School, Pune. They were welcomed and provided information about the higher educational opportunities after completing graduation. They visited the whole campus of Lotus Business School including Conference Hall, Seminar Hall, Activity Centre, Library, classrooms, etc. Studies of ethics and values is an important part of management.

To understand ethical principles, we went to see the ISKON temple in Kondhava. The spiritual guru provided valuable information about the aims and objectives behind building ISKON temples all over the world and spreading knowledge and awareness about Hindu religion and tradition. The students wandered in and around the temple and understood the importance of charity, tolerance, devotion, meditation and spiritualism. Finally, we went round D-Mart in Moshi to understand and develop business communication and to know the marketing strategies.

REPORT OF PROGRAMME

Topic: "Lecture on Industry Expectations from Graduates"

Date: 22/09/2021

Time: 10.45 a.m.

Venue: Virtual

Organized by:

The Departments of Commerce of Loknete Dr. Balasaheb Vikhe Patil (Padma Bhushan awardee) Pravara Rural Education Society's Arts, Science and Commerce College, Kolhar and Lotus Business School, Pune

Theme of the Programme: "Lecture on Industry Expectations from Graduates"

Objectives of the Programme

1. To make the students aware about industry expectations of the job.
2. To provide key to achieve success through career path.
3. To develop Time Management Skill among students.
4. To motivate students for startups.

Introduction of Programme:

- The lecture on career opportunities after graduation was conducted on 22nd September 2021 at 10.45 am.
- The Chief Guest for the programme was Mr. Vivek Keskar, Head, Placement and Corporate Relations, Lotus Business School, Pune.

REPORT OF PROGRAMME

The Departments of Commerce, Arts, Sciences and Commerce College, Kolhar organized a visit to Swayamsiddha Yatra (Stalls of SHGs). Janseva Foundation works tirelessly for the complete upliftment of rural women by building capacity, providing finance and arranging for markets. Swayamsiddha means helping oneself. Janseva Foundation wants women to be enough self-sufficient that she can overcome her own problems.

64 Students of Commerce faculty with 4 faculty members had visited the stalls of SHGs for providing them an insight and feel of Retail Marketing. Students interact with the women and acquired the knowledge from production to marketing processes. This visit sensitizes students to the practical challenges SHGs face in the business world.

Director of Janseva Foundation Dr. Ashok Kolhemake aware students about the various challenges before the youth and Project Officer Mrs. Rupali Londhe explained students various marketing strategies.
