

PRAVARA RURAL EDUCATION SOCIETY

ARTS, SCIENCE & COMMERCE COLLEGE KOLHAR

Tal. Rahata, Dist. Ahmednagar, Pin - 413 710

NAAC Accredited at 'A' Grade with CGPA 3.10

BEST PRACTICES

1. DOMESTIC ENTREPRENEURSHIP SKILL DEVELOPMENT

2. ECO-FRIENDLY GANAPATI FESTIVAL AND IMMERSION

1. DOMESTIC ENTREPRENEURSHIP SKILL DEVELOPMENT

Introduction:

In the developing economy, it is important to be job provider than job seeker. The 'make in India' scenario requires a healthy interaction between industries and educational institutions to mould potential of students into innovation and creativity. Keeping this in mind the college focuses on the development of entrepreneurial skills among the students. Hence, they can set up a small scale or domestic Entrepreneurship and to make them economically independent.

Goals:

1. To develop entrepreneurial development skills and awareness among the students.
2. To organize various Entrepreneurship development activities for students.

The Context:

Now a day, the rural youth is facing the problem of unemployment. The traditional education, curriculum and lack of confidence, the rural students are lag behind from the urban students. Therefore, the commerce department has taken initiative towards development of Entrepreneurship skills and awareness among the college students hence they can set up small scale as well as domestic businesses.

The Practice:

Apart from the curriculum the commerce department provides and motivates the college students towards entrepreneurial skill development through various activities. The department provides a platform to gain experience and sharpen their skills to develop domestic entrepreneurial skills. To maximize their experience and develop their entrepreneurial skills the department conducts various activities.

1. Career guidance program
2. Certificate course in entrepreneurship skill development
3. Commerce festival
4. Workshop on employment and self-employment
5. Workshop on entrepreneurship development

Evidence of success:

The students motivated from the above said program and setup small scale as well as domestic businesses by using their own talent. They are economically independent.

Following are the some success stories who have setup their businesses as per the availability of resources and requirement of local need.

2. ECO-FRIENDLY GANAPATI FESTIVAL AND IMMERSION

Goals:

- To protect the environment
- Awareness about environment conservation among Villagers
- Express our great gracefulness Lord Ganesh
- To reduce water pollution
- Use of flowers and leaves for the fertilizers

The Context:

Ganapati festival is one of the most important festivals celebrated among the youth of Maharashtra. At present idols of Ganapati are made of by using Plaster of Paris, Cement, Plastic papers containing toxic chemicals. After ten days, these idols of Ganapati are immersed into the River and well water. These idols made of plaster of Paris and other non-dissolvable materials are very harmful for environment and increase the water pollution. The villagers use this polluted and chemically affected water for drinking purpose which are harmful for the health of people.

The Practice:

By considering the above context, the college has initiated a movement against the wrong tradition of Making of Ganapati idols and its immersion into the usable water sources. College staff and NSS volunteers actively participate in this work. We make groups of students along with a faculty for the purpose. On the first day of Ganapati Festival, we appeal to buy the Ganapati Idol made of clay instead of PoP. We also create awareness among people during cultural festival organized through 'EK GAON EK GANPATI'. On the day of immersion of Ganapati, these groups of students and faculty go to the bank of Pravara River, where people gather to immerse the idols. We appeal and request them not to immerse the idols made of Plaster of Paris and other harmful materials. These groups collect the idols made of Plaster of Paris and righteously put in the ground. We

also collect the idols immersed into the water. The used flowers and leaves are collected in a basket and used for making bio fertilizers for the trees in the campus.

Two groups of students collected the Ganapati idols from Pravara left canal, near Loni about 6 K.M. away from the college.

Evidence of Success:

- People started using the idol made of dissolvable clay.
- Besides, it is matter of religious belief; people allow to handover the idols to our groups instead of immersing into the water.
- Water pollution of the river drastically reduced.
- We succeeded to create environment awareness among the villagers

Problems Encountered and Resources Required:

- Most of the people refuse to handover the idols considering as it is against religion.
- People prefer to buy idols made of plaster of Paris, since they are cheaper than clay idols.
