➤ **Feedback Mechanism**

Feedback is important part of teaching and learning process. The institute aims to offer the best possible environment and learning experience to encourage students to perform to their full potential for academic achievement. Students, teachers and alumni play an important role in the evaluation, development and enhancement of the quality of this learning experience. Feedback from Students, Teachers, Alumni and Employers helps the college to evaluate how its service policies and make changes as per stakeholders requirements. The Feedback Process has put an emphasis on the need for involvement of students in the quality assurance of higher education. With this aim the college has developed following feedback mechanism.

The institute offers all round facilities to the students to explore their full potential for academic and extra mural achievements. College has a special mechanism for collection, statistic analysis and corrective measures to be taken on the feedback. Stakeholders can give their feedback through printed forms provided by the college. Feedback from students, teachers, parents and alumni

helps the institute to evaluate its service policies and make changes for achieving the excellence. The feedback process has emphasized the need for involvement of stakeholders for the student centric development of institute. Thus, the student should act as a collaborator, rather being merely a passive receiver in teaching learning process.

The feedbacks are collected from the all stakeholders by the IQAC through feedback committee and analyzed. After analysis of feedback the analysis report is communicated to the IQAC. Feedback of stakeholders is valuable for us as it provides the role in improvement of curriculum facilities, entrepreneurship and employability of our students. The opinions and suggestions obtained from the stakeholders are evaluated on the background of vision and mission of the institute and considered by the IQAC for their execution. The IQAC prepares Action Taken Report and presents it before College Development Committee for approval. Thus, the feedback mechanism assists in effective curriculum delivery.
