AMENDMENT DOCUMENT

(2020-21 to 2022-23)

Due to Covid-19 pandemic, the institute is facing challenges to route its daily activities by offline mode, hence the perspective plan is amended for the three academic years 2020-21 to 2022-23.

Late Padmashri Dr.Vithalrao Vikhe Patil was a close witness to the socio-economic transformation that had been taking place in rural Maharashtra, during pre and post independence era. Inspired by the philosophy of Mahatma Gandhi and social reformers like Mahatma Jyotiba Phule, and Karmaveer Bhaurao Patil, he was convinced that proper, relevant and quality education was the only alternative to uplift the rural masses in all spheres of life. To realize this dream, Pravara Rural Education Society and various institutes under its umbrella were established. The Chief objective was to provide appropriate education in the rural area. Girls who were deprived of education for centuries together were identified as special interest group. It aimed at providing education to all people irrespective of their social and economic status.

Under the visionary guidance of Dr. Balasaheb Vikhe Patil (Padmabhushan Awardee) Arts, Science and Commerce College, Kolhar, was established in 1999 with a specific objective to empower the youth physically, socially, psychologically, economically and responsible individual through quality education. The college is located in 9.3 acres of campus with all modern facilities needed for the academic and all round development of the Learners, an ideal place congenial for teaching, learning and development.

The institution is permanently affiliated to Savitribai Phule Pune University, with 2 (f) and 12 (b) status of University Grant Commission (UGC). It has been recently accredited with 'A' grade by NAAC (CAGP-3.10). It runs 06 undergraduate, 02 post-graduate and 07 skill development courses. More than 500 students are pursuing higher education.

The vision statement of college is 'Providing quality education in emerging fields to produce knowledgeable and cultured human resource, contributing to the National development'.

"The responsibility of college is to prepare and implement academic plan to meet the challenges of the changing scenario of higher education".

The document mainly focuses its emphasis on Teaching, Learning, Research, innovation and Extension Activities as well as on the development of infrastructural facilities.

The main focus of the documents is related to COVID-19 pandemic situation-

- To provide the hands to develop skills among students
- To provide support to gain advanced knowledge
- To inculcate human values and environmental consciousness

To achieved these broad aims, the objectives are identified for next three years-

- To sustain good academic performance in the pandemic by up gradation of online teaching-learning platform
- 2. To develop e-content for the students on various platforms.
- 3. To overcome mental stress and physical health arose due to pandemic
