2017-2018

Department of Botany organized Field visit at Krishi Vigyan Kendra Bhabhareshwar in 23 August 2017. FYBSC and SYBSC 50 Students accompanied with HOD of Botany Dr. Vikhe P.S and Ms. Sonawane Y.S. Prof Archana Gite Botany faculty members. Students learnt different methods of plant propagation various variety of fruit, vegetable plants in nursery. Department of Botany organized visit to exhibition at Krishi Vidyan Kendra with the prior permission and guidance of Hon. Principal Dr. Walunj S. R. Students got the opportunity to observe the different stalls arranged by the local farmers, students, agriculturalist, etc. Dr. Hendre P.D from Nursery Department of KVK cooperated us during our visit.

During our visit we also got information of different types of equipments like horrows, ploughs, sewing machines, sprayers, drip irrigation system sprayers' etc. This instruments were helpful to students to make them aware of new agricultural horticultural tools and equipments.

The most beautiful feature of the KVK was its beautiful Plant nursery was the plant nursery section in with many different types of colourful flowering, ornamental plants like rose, nishigandh, hibiscus, gerbera, adenium, carnation, marigold etc. Students also observed the medicinal Amla garden as well as horticultural value guava fruits field. Students observed how soil layering practice was carried out on the mother plants of guava. Students also observed guava plant Nursery. Students observed its fruits. All the students also enjoyed eating guava fruits from garden by taking their prior permission. Our students purchased the seedling plants and fruits with affordable cost. In one of the section of exhibition we also got the information about the different types of biopesticides and their applications. Students also learnt about different propagation techniques of plant nursery. Effects of biofertilizers, biopesticides on different crops were also properly exhibited. Some local womens arranged food stalls of pickles, jams jellies and other fruit products. Students also tasted some of the food products. Besides all this students also observed the *spirullina* cultivation unit and got acquainted with method of cultivation of *spirullina* algae. Main purpose of the visit to observe the plant nursery and learn the different horticultural techniques of plant propagation was the main purpose of this visit which was certainly fulfilled. Our special thanks to Gaikwad sir chief scientist of the KVK PIRENS Bhabhareshwar institution. We Departed from the KVK at 4.45pm in afternoon
