REPORT OF ACTIVITY / PROGRAMME

Academic Year: 2021-22

Pravara Police Pre-Recruitment Training Academy Academic Year: 2021-22

Organized by:

Loknete Dr. Balasaheb Vikhe Patil Pravara Rural Education Societies Arts, Science and Commerce College, Kolhar Tal- Rahata, Dist- Ahmednagar

Pravara Police Pre-Recruitment Training Academy

Academic Year: 2021-22

Objectives

- 1. Conducting training Police officers, Military recruitment.
- 2. Capacity building to the matrices of Sensitization orientation and competency.
- 3. Imparting professional knowledge and understanding.
- 4. Development of professional, organisation and community skill.
- 5. Development of overall personality.

Introduction

The College of Arts, Science and Commerce, as per the vision and mission statement, has assiduously strived to provide assistance to grab jobs and inculcate skills to facilitate and create opportunities for their employment. As per the demand of the students the college had made functional Training Academy for Police Recruitment considering the unavailability of such facilities and infrastructure in the rural areas. The aim has been to inculcate skills necessary for opportunities of employment and empowering them by boosting their confidence. Considering the rural background and the financial constraints of the students studying in the College the project has been highly appreciated by the students, parents and the stakeholders.

Details

Pravara Pre Recruitment Training Police Academy was started from the academic year

2020 - 21 and is functional till the academic year 2022 - 23. This academy has given police training to 153 students since its inception.

In this year Pravara Police Pre-recruitment Training Academy started on 1 February, 2022. The information of the students was collected through Google forms. 71 students filled these forms, out of which 36 were selected for the training.

There were 16 Girls and 20 Boys who joined police pre-recruitment training academy. In this academy various activities like Warm up, tracking, shot put, discus through, cross country, Horse raiding, rifle shooting are taken. Along with these activities, regular coaching classes were conducted for History, Geography, Social Science and General Knowledge, Marathi Grammar,

The college took prior permission from the head office of the organization. After the Commencement of the activity all the stake holders were informed about the decision through Whatsaspp groups of the college and the students. It was advertised through pamphlets which were distributed to the students and through the local newspaper vendors as well as by installing flex boards at few prominent villages located nearby. The practice has been followed since then each year. After this, written examination and physical test of the students are conducted. In the physical test, information about the age, weight and height of the students is taken and the students are given police pre-recruitment training along with the supporting document.

The Institute given following Facilities for Trainers

- 1. The help of expert and experienced teaching classes is taken for the training of the Students.
- 2. Various books are made available to the students through the library.
- 3. Internet facility and study centre are also provided to them.

36 students and 06 faculty members actively participated in Pravara Police Pre-Recruitment Training Academy in the year 2021-22.

REPORT OF ACTIVITY / PROGRAMME

Topic: Meritorious Student Felicitation and Competitive Examination Guidance programme

Date: 15th September, 2022

Time: 10:30 am.

Venue: VLC Hall, A.S.C. College, Kolhar

Organized by:

The Department of Competitive Examination, Student Development Department and Political Science of the Loknete Dr. Balasaheb Vikhe Patil (Padmabhushan Awardee) Pravara Rural Education Societies Arts, Science and Commerce College, Kolhar

Theme of the Programme:-

Meritorious Student Felicitation and Competitive Examination Guidance programme

Objectives of the Programme:

- 1. To introduce the students and stakeholders about various competitive examinations.
- To create awareness among the students for participating in various competitive examinations.
- 3. To encourage and motivate students for participating in various competitive examinations.

Introduction of Programme:

The Meritorious Student Felicitation and Competitive Examination Guidance programme organized by Competitive Examination Guidance Center and Student Development Department and Political Science at Arts, Science and Commerce College, Kolhar on Wednesday 15/09/2021 at 10.30 am. in college V. L. C. hall. Former student of the college Hon. Mr. Ravindra Kadam, Maharashtra State Traffic Security Force Officer, Ahmednagar was present as the Chief Guest. At this time, Hon. Mr. Ravindra Kadam was felicitated by the I/C Principal Mrs. J. R. Singer. The chief guest Hon. Mr. Meritorious students 12th students securing First, Second and Third ranks in their respective junior colleges and parents who were felicitated by Ravindra Kadam and dignitaries.

Details of the Programme:

In this program, Hon. Mr. While guiding the meritorious students and parents who have passed 12th standard, Ravindra Kadam said that it is wrong to say that the students will not be able to study for the competitive examination due to financial constraints. This is because Pravara Rural Education Society has started a competitive examination guidance center under which it will be possible for the students of the area to prepare for the competitive examination easily. He appealed to the students to take advantage of this opportunity. At this time, the president of the program, I/C Principal Mrs. J. R. Singer guiding the students and informed about the educational and physical facilities of the college.

The introductory speech of this program was given by the principal of the college, Dr. S. N. Shingote. The program was attended by 30 students who got first / second / third rank in various junior colleges in the area and their parents as well as professors and non-professors of the college. For the organization of this program, all the members of the competitive examination committee of the college, the principal, vice-principal of the college, Mr. S. A. Gonde (Student Development Officer) provided invaluable assistance. Thanks to the attendees

for the event. Mr. P. S. Auti (Coordinator, Competition Examination Guidance Center). The program was moderated by Dr. P. V. Kanwade did. The event was well received by the students.

Metrics: Number of students: 126 (Girls- 66, Boys-60) Number of stakeholders: 15 (Teaching Staff- 09, Non-Teaching Staff- 06)

Subject: Letter of appreciation for organising of 15 days online training program "Guidance on Analytical methods and Equipment use in Pharma industry" for M.Sc. students

Respected Sir,

As per above mentioned subject, Department of Chemistry, Arts, Science & Commerce College, Kolhar has organized 15 days online training program "Guidance on Analytical methods and Equipment use in Pharma industry" for M.Sc. of our college from Tuesday 01/03/2022 to Tuesday 15/03/2022 on line mode. You delivered a fruitful lectures and indeed it will be beneficial for our students. We are looking for your cooperation in future.

Thanking you

I/c PRINCIPAL Arts, Science & Commerce College Kolhar, Tal.Rahata, Dist.Ahmednagac

Subject: Organization of 15 days online training program "Guidance on Analytical methods and Equipment use in Pharma industry" for M.Sc. students

Respected Sir,

As per above mentioned subject Shodh Advantech LLP, Aurangabad and Department of Chemistry, Arts, Science & Commerce College, Kolhar is going to organize 15 days online training program "Guidance on Analytical methods and Equipment use in Pharma industry" for M.Sc. students of our college from Tuesday 01/03/2022 to Tuesday 15/03/2022 on line mode. Please guide our students so that they will be benefited by the knowledge delivered by you.

I/c PRINCIPAL Arts, Science & Commerce College Kolhar, Tal. Rahata, Dist. Ahmednagar.

15 DAYS ONLINE TRAINING PROGRAM REPORT

on

"Guidance on Analytical methods and Equipment use in Pharma Industry"

for M.Sc. students

Organized by,

Department of Chemistry,

Arts, Science and Commerce College, Kolhar

Tal: Rahata Dist: Ahmednagar

and

Shodh Advnatech LLP,

T-6/2, STPI,

Opp. Indo German Tool Room, Chikalthana MIDC, Aurangabd 431007

ACKNOWLEDGEMENT

We would first like to express our gratitude to Mr. Nikhil Chaudhary of Shodh Advnatech LLP in Aurangabad for giving me the opportunity to plan 15 days online training program "Guidance on Analytical methods and Equipment use in Pharma industry" for PG students from our college from Tuesday 01/03/2022 to Tuesday 15/03/2022 on line mode. We are also grateful to the other Shodh Advnatech LLP, Aurangabad specialists who contributed to making the training programme easier to comprehend and think through. The participants also learned how to be independent in a setting with a different way of life, culture, and language in addition to the training programme.

Company background organization structure:

SHODH is a knowledge based organization driven by its core values. We offer need based sevices to the industry with a blend of customization to cater perfectly to the requirements. We bank on the extensive industry know-how, experience and expertise available with our team. We strongly believe People are at the core of every business idea, product or service. And so our services, aimed at improving People experience every dat, since 2010.

Our Mission:

To offer need based innovative solutions to the industry and evolve as the most trusted partner for such services.

Objectives:

- "To be pioneers in Skill Based, Applied & Practical Learning methodology."
- "To be preferred partners of Academia for their Training and Placement activities."
- "Enhance employability through various initiatives for every aspiring individual."
- "Offer Industry Ready work force through hiring and staffing activities."
- "Offer effective, cost efficient and safe working solutions for sustainable manufacturing operations through Environment, Health and Safety (EHS) consulting services to the industry."

Department of Chemistry Arts, Science and Commerce College, Kolhar

Arts, Science & Commerce College Kolhar, Tal. Rahata, Dist. Ahmednagar.

Report

15 days training program on "Guidance on Analytical methods and Equipment use in Pharma industry" for PG students from our college from Tuesday 01/03/2022 to Tuesday 15/03/2022 on line mode was organized by department of Chemistry in collaboration with Shodh Advnatech LLP in Aurangabad for giving me the opportunity to plan Chemical production to the processing of raw materials into a specific specifications of the finished product, frequently require after pre-processing of raw materials processing, chemical reaction and separation of the reaction products, and refining a series of chemical processes to achieve the process of mechanical, are frequently classified as chemica, or "chemical machinery and equipment."

Principal category:

When we talk about chemical equipment, we're talking about the main parts that move mechanically, like different kinds of filters, crushing equipment, centrifugal separators, rotary kilns, mixers, rotary dryers, and equipment for transporting fluid. chemical equipment refers to machinery, such as different vessels (tanks, tanks, vessels, etc.), standard kilns, towers, reactors, change heat exchangers, standard dryers, evaporators, reactors, electrolysis, mass transfer equipment, adsorption equipment, fluidization equipment, standard separation equipment, and ion exchange equipment, whose main components are either stationary or only minimally mobile. Chemical machinery is not exactly categorised; it encompasses a wide range of conventional machinery used in industrial production as well as some fluid conveying equipment (such as pumps, blowers, and compressors, etc.) used in the chemical industry. The development of contemporary chemical machinery, which also depends on advancements in mechanical engineering and materials engineering, is closely related to the development of chemical technology and chemical engineering. Chemical equipment primarily focuses on the range of electrochemical reactions as well as the machinery's resistance to corrosion, etc.

Chemical plants' production equipment must include chemical machinery, which differs from ordinary machinery in significant ways.

(1) There are several varieties of energy forms, and the conversion procedure is more difficult. The most common types of energy are thermal energy, mechanical energy, chemical energy, electromagnetic energy, and others;

(2) The refrigerant has a variety of properties, such as composition, composition, phase change, etc.;

(3) There are a wide variety of operational characteristics, such as high and low pressure, low speed, high and low temperature, high and low viscosity, etc.;

(4) The specifications for different chemical properties. As a result, the distinctive structure of the dynamic chemical machinery and equipment is created. Two sorts of chemical apparatus and equipment are frequently used. Heat exchangers, towers, reactors, and various different kinds of containers are examples of chemical equipment. The essential components are frequently consistent. or simply a short workout. such as centrifuges, filters, crushers, rotary kilns, and rotary dryers; machinery for the chemical industry. The primary component is regular motion, which also includes the special pump, compressor, transport, etc.

In the 15 days training programme following points were discussed-

- Introduction to Analytical instruments
- Safety Instructions for Persons Working in Chemical Laboratory
- ✓ Handling of Reagents and Devices
- ✓ Work with Dangerous Substances
- ✓ Performing of Chemical Experiments
- Actions in Emergency Cases
- Laboratory Technique, Materials and Fundamental Operation
- ✓ Cleaning of Laboratory Glassware
- ✓ Warming, Drying, Heating
- ✓ Filtration
- ✓ Measurement
- Description of the Experiment

- ✓ Scaling With Analytical Balance
- Titrimetric (Volumetric) Analysis
- ✓ Volumetric Analysis Solutions
- ✓ Method of Complexometry
- ✓ Determination of Water Hardness
- ✓ Determination of Water Temporary Hardness
- ✓ Determination of Water Total Hardness
- ✓ Methods of Redox Titration

✓ Qualitative Analysis

- ✓ Cation Determination
- ✓ Anion Determination
- ✓ Potentiometry
- Preparation of Buffer Solution
- ✓ Chromatography
- ✓ Spectroscopy

To,

The Principal,

Arts, Science and Commerce College, Kolhar. Tal- Rahata, Dist- A. Nagar.

Subject: Permission to organize online webinar on "Career Opportunities in Chemistry after B. Sc. and M. Sc."

Respected Sir,

With reference to above subject the Department of Chemistry is going to organize online webinar on "*Career Opportunities in Chemistry after B. Sc. and M. Sc.*" on 9th Sept. 2021 at 10:00 am. Dr. Ajay Bansode, Research Scholar, National Chemical Laboratory, Pune, will be the speaker for the webinar. We request you to sanction permission for the same.

Thanking you,

Yours Sincerely,

(Mr. V. R. Kadu.) Head Department of Chemistry Arts, Science and Commerce College, Kolhar

Online Webinar on

"Career Opportunities in Chemistry after B. Sc. and M. Sc."

Dear Sir/ Madam/ Students,

Greetings from the *Loknete Dr. Balasaheb Vikhe Patil (Padma Bhushan Awardee) Pravara Rural Education Society Arts Science and Commerce College, Kolhar * *Accredited with 'A' Grade by NAAC*

It's an immense pleasure to inform you that,

* Department of Chemistry & Placement Cell, Arts Science and Commerce College, Kolhar* is organizing Online Webinar on

"Career Opportunities in Chemistry after B. Sc. and M. Sc." On, Thursday, *9th of September, 2021* at 10:00 am.

Resource Person

Dr: Ajay Bansode

Research Scholar

NCI, Pune,

https://forms.gle/sgcM6JGTscgG9qEn7 * *Registration link:-

*Registration is free and open to all subjects.*

The authorized certificate will be provided after successful participation for the lecture after filling the feedback form. The certificate will be provided by e-mail only. Online Webinar will be held on the Zoom Cloud Meeting platform

Zoom cloud meeting id:

https://us04web.zoom.us/j/71887897940?pwd=dUJMSINUeGIhTTcyRVU1L3JkVmhLUT09

ONE DAY INDUSTRIAL TRAINING REPORT

on

"Introduction of Industrial Equipment"

for M.Sc. students

Organized by,

Department of Chemistry,

Arts, Science and Commerce College, Kolhar

Tal: Rahata Dist: Ahmednagar

and

Shodh Advnatech LLP,

T-6/2, STPI,

Opp. Indo German Tool Room, Chikalthana MIDC, Aurangabd 431007

ACKNOWLEDGEMENT

5

First of all, we would like to thank Mr. Nikhil Chaudhary, Shodh Advnatech LLP, Aurangabad for giving me the chance to organize a one day industrial training programme on "Introduction of Industrial Equipment" for PG students of our college on 1st Feb. 2022. We are also thankful to other experts of Shodh Advnatech LLP, Aurangabad for helping to make the training programme to be understood and think more clearly. In addition, to the training programme the participants were taught how to be independent in a place with a different way of life, culture, and language.

Head Department of Chemistry Aris, Science and Commerce College, Kolhar

Company background organization structure:

SHODH is a knowledge based organization driven by its core values. We offer need based sevices to the industry with a blend of customization to cater perfectly to the requirements. We bank on the extensive industry know-how, experience and expertise available with our team. We strongly believe People are at the core of every business idea, product or service. And so our services, aimed at improving People experience every dat, since 2010.

Our Mission:

To offer need based innovative solutions to the industry and evolve as the most trusted partner for such services.

Objectives:

- "To be pioneers in Skill Based, Applied & Practical Learning methodology."
- "To be preferred partners of Academia for their Training and Placement activities."
- "Enhance employability through various initiatives for every aspiring individual."
- "Offer Industry Ready work force through hiring and staffing activities."
- "Offer effective, cost efficient and safe working solutions for sustainable manufacturing operations through Environment, Health and Safety (EHS) consulting services to the industry."

Head Department of Chemistry Arts, Science and Commerce College, Kolhar

Report

The broad term for the gear and equipment used in the manufacturing of chemicals is "chemical machinery and equipment." Chemical production to the processing of raw materials into a specific specifications of the finished product, frequently require after pre-processing of raw materials processing, chemical reaction and separation of the reaction products and refining a series of chemical process to achieve the process of mechanical, are frequently categorised as chemical machinery.

Principal category:

Chemical equipment refers to the major components that move mechanically, such as various types of filters, crushing equipment, centrifugal separators, rotary kilns, mixers, rotary dryers, and equipment for moving fluid. Chemical apparatus. refers to machinery whose primary parts are either stationary or only minimally mobile, such as different vessels (tanks, tanks, vessels, etc.), standard kilns, towers, reactors, change heat exchangers, standard dryers, evaporators, reactors, electrolysis, mass transfer equipment, adsorption equipment, fluidization equipment, standard separation equipment, and ion exchange equipment. Chemical machinery is not strictly categorised; some fluid conveying equipment (such as pumps, blowers, and compressors, etc.) used in the chemical industry is frequently referred to as chemical machinery, but it also includes a wide range of general machinery used in industrial production. The progress of chemical technology and chemical engineering is strongly tied to the design and manufacture of modern chemical machinery, which also depends on advances in mechanical engineering and materials engineering. Chemical machinery focuses mostly on the spectrum of electrochemical as well as the corrosion resistance of machinery, etc.

Chemical machinery, which differs from other machinery in important ways, is a necessary component of the production equipment used in chemical plants.

(1) There are many different types of energy forms, and the transformation process is more complicated. Thermal energy, mechanical energy, chemical energy, electromagnetic energy, and other types of energy are the most prevalent types of energy;

(2) The characteristics of the refrigerant vary, including composition, composition, phase changing, etc.;

(3) the operational parameters, which can include high and low pressure, low speed, high and

low temperature, high and low viscosity, etc., are quite diverse;

(4) The characteristics of various chemical properties' requirements. Thus, the unique structure of the ever-changing chemical machinery and equipment is formed. Chemical machinery and equipment are often classified into two categories. Chemical machinery, such as heat exchangers, towers, reactors, and other different types of containers. The primary parts are often constant. or just a quick workout. Machinery for the chemical industry, such as centrifuges, filters, crushers, rotary kilns, and rotary dryers. Regular motion is the main element, as is the unique pump, compressor, transport, etc.

ART S. SCIENCE & COMMERCE COLLEG" KOLHAR, TAL, RAHATA, DIST, AHMEBILAGA

Arts, Science and Commerce College, Kolhar Department of Chemistry Students Guidance Programme- 18/04/2022 Report

Department of Chemistry, Arts, Science and Commerce College, Kolhar has organized "Students Guidance Programme" M. Sc. students. Dr. Shrikant Chormunge, Head Quality Assurance, Arch Pharma Labs Ltd, Gujrat was the guest for the programme. 48 M.Sc. students and 8 staff members attended the programme. He explained about the QA and QC departments of company. Quality management includes two distinct tasks called quality assurance and quality control (QA/QC). QA is concentrated on the procedure used to assess quality requirements and offer assurance that they will be met, preventing defects. The review and coordination of production documents and manufacturing monitoring are two examples of QA activities. By locating and fixing errors, quality control (QC) is the procedure that makes sure that the quality criteria are in fact met. This covers both the initial and subsequent examination of semi-finished goods.

It is first vital to comprehend the broad role QA/QC generally performs for businesses regardless of industry in order to comprehend the extent of what QA/QC specifically accomplishes for the chemical and petrochemical sector. The general function of QA/QC is as follows, regardless of whether the firm in question manufactures, works with, or produces office products, electronics, or chemicals:

Quality assurance entails developing and improving procedures and systems that guarantee the highest level of quality. The goal of quality assurance is to provide a framework that consistently produces high-quality outputs in order to stop a problem or defect before it happens.

Quality Control - In contrast, quality control recognises that mistakes, faults, or flaws will inevitably occur, but that it is crucial to identify and fix these problems. Testing and evaluating final items to find and fix any sub-standard outcomes is thus a key component of quality control.

At the end of programme Mr. V. R. Kadu, Head, Department of Chemistry, presented the vote of thanks for the guest, principal, teachers and participated students for their presence to the programme.

REPORT OF PROGRAMME

The Departments of Commerce, Arts, Sciences and Commerce College, Kolhar organized a one-dayEducationalTourtoSavitribai Phule Pune University, Pune, Lotus Business School, Pune, D-Mart, Moshi and ISKON temple in Kondhavaon 11th April 2022. Students were accompanied and guided by Dr. Pratibha Kanawade and other faculty members of the department of Commerce. The students visited the Main Buiding, Jaikar Library and various departments in the Savitribai Phule Pune University, Pune. They enjoyed the academic atmosphere and aura of SPPU, Pune to whichArts, Sciences and Commerce College, Kolhar is affiliated. Before that the students also paid a visit toLotus Business School, Pune. They were welcomed and provided information about the higher educational opportunities after completing graduation. They visited the whole campus of Lotus Business School including Conference Hall, Seminar Hall, Activity Centre, Library, classrooms, etc. Studies of ethics and values is an important part of management.

To understand ethical principles, we went to see the ISKON temple in Kondhava. The spiritual guru provided valuable information about the aims and objectives behind building ISKON temples all over the world and spreading knowledge and awareness about Hindu religion and tradition. The students wandered in and around the temple and understood the importance of charity, tolerance, devotion, meditation and spiritualism. Finally, we went round D-Mart in Moshi to understand and develop business communication and to know the marketing strategies. No. of Staff -05

The Departments of Commerce, Arts, Sciences and Commerce College, Kolhar organized a visit to Swayamsiddha Yatra (Stalls of SHGs). Janseva Foundation woks tirelessly for the complete upliftment of rural women by building capacity, providing finance and arranging for markets. Swayamsiddha means helping oneself. Janseva Foundation wants women to be enough self-sufficient that she can overcome her own problems.

64 Students of Commerce faculty with 4 faculty members had visited the stalls of SHGs for providing them an insight and feel of Retail Marketing. Students interact with the women and acquired the knowledge from production to marketing processes. This visit sensitizes students to the practical challenges SHGs face in the business world.

Director of Janseva Foundation Dr. Ashok Kolhemake aware students about the various challenges before the youth and Project Officer Mrs. Rupali Londheexplained students various marketing strategies.

REPORT OF PROGRAMME

The Departments of Commerce, Arts, Sciences and Commerce College, Kolhar organized a one-day visit to Nizarneshwar Dairy Products Limited, Pravaranagar for T.Y.B. Com students on 19th May 2022. This visit was a part of Internship Programme of the students who has taken marketing management as a specialization subject. Students interacted with the Administrative and Operating level staff to know about the dairy administration and marketing process. They visited the whole campus of Nizarneshwar Dairy Products Limited.

Mr. Sunil Karale, Chief Chemist of Nizerneshwar Dairy explained the students the process from collection at farm level to intake at the dairy plant, the processing steps and the end products. He also elaborates how quality control tests are important to support activities for hygiene and food standards to meet regulatory and customer demands.
